Mysql error 1005 28

Mysql error 1005 28

MySQL disallows indexing a full value of BLOB, TEXT and long VARCHAR columns because data they contain can be huge, and implicitly DB index will be big. I had the same issue with my **mysql** database but finally I got a solution which worked for me. Since in my table everything was fine from **mysql** point of view(both. Your search results .. These are all the surnames, and maiden surnames, currently recorded from NON-BURIED stones: which start with the letters ' ' that you entered. For **error** checking, use **error** codes, not **error** messages. **Error** messages do not change often, but it is possible. Also if the database administrator changes the.
